- Introduction : What is the reason for me to write this thesis? What has prompted me to select this topic?
  1. Basic Explanation of the topic and the main problem
  2. Statement of the research questions
  3. The goal and significance of the investigation;
  4. Definitions of the terms (if needed);
  5. Organization of the research
- Literature Review
  1. Intro;
  2. Theoretical Background
  3. Review of the used sources;
  4. Critical assessment of the literature
- Research Methodology
  1. Main questions and design;
  2. Statement of the chosen research method;
  3. Explanation of the methodology value;
  4. Specification of procedures applied in the course of collecting and analyzing the data;
  5. Limitations
  6. Ethical considerations
- Results of the Study
  1. statement of the received results and their analysis
  2. Comparison of the obtained results and the initial goals/questions
- Summmmary
  1. Discussion of the research results;
  2. Comparison of the obtained results with the findings of prior researchers
  3. Suggestions regarding the use of the obtained findings for the further development of the topic and future investigation
- Appendices
